## INVITATION

The Philippine Federation of Chemical Societies, Inc. (PFCS) and the Philippine Association of Chemistry Teachers, Inc. (PACT) cordially invite you to participate in the Asia-Pacific Conference on Chemistry Education and 24<sup>th</sup> Philippine Chemistry Congress (APCCE•24PCC) at the Bohol Tropics Hotel, Tagbilaran, Bohol Island, Philippines on 14–16 April 2009.

APCCE•24PCC will bring together chemists, scientist, researchers, teachers and students from the Asia-Pacific Region to discuss the existing challenges in meeting the world's needs through technologies and advances in chemistry research, chemistry education and chemistry industries.

The theme of the APCCE•24PCC is “**Chemistry Education: A Way to Safeguard Man, Society and the Environment**”. It aims to:

- support the development of chemistry through the participation of chemists from the different countries in the Asia-Pacific region;
- provide a forum for the exchange of ideas for the development of chemistry education in the Asia Pacific region

The following topics will be covered during the Conference:

- Chemistry and Cultural Heritage
- Chemistry Education in the Secondary Level
- Chemistry Education in the Tertiary Level
- Teacher Education
- Best Practices in Learning and Teaching Chemistry
- Green Chemistry
- Microscale Chemistry
- New Technologies in Chemistry Education
- Intellectual Property Rights
- Ethics
- Chemistry and the World – Wide Web
- Chemical Safety
- Biochemistry and Biotechnology
- Analytical chemistry
- Biochemistry
- Environmental Science
- Forensic Chemistry
- Inorganic and Organometallic Chemistry
- Materials Science
- Natural Products
- Medicinal Chemistry
- Organic Chemistry
- Physical Chemistry
- Polymer chemistry
- Computational Chemistry / Chemical Informatics

## CALL FOR PAPERS

We are now accepting papers for oral and poster presentations in the topics covered by the scientific program. Abstracts must be submitted to the papers committee as word or pdf files using the following format:

- Page dimensions: 8 “ x 11” (letter size) with 1” margins on all sides
- Title of the paper should be in bold, capital letters and centered.
- Names(s) of authors and address(es) should be centered and written immediately below the title. The name of the presenting author should be underlined.
- Text; 12–point Arial font, single spaced justified paragraphs.

Abstracts may be submitted on line together with the accomplished registration form to the secretariat.

### Important Deadlines

## CALL FOR NOMINATIONS PFCS Awards

The PFCS will recognize chemists who have made significant contribution to:

1. Chemistry Education
2. Chemical Research
3. Chemical Industry
4. Service to the profession

Nominations should be made by a regular member of any one of the PFCS member societies and endorsed by the head of the institution or by an officer of a national/regional chapter of any PFCS member society.

The nomination letter with the nominee's curriculum vitae and supporting documents must be submitted to the PFCS Awards Committee or before **28 February 2009** to:

Dr. Maribel G. Nonato  
Chair, PFCS Awards Committee  
c/o Dean's Office, College of Science  
3<sup>rd</sup> Flr, Main Bldg  
University of Santo Tomas

## BOHOL

The island province lies southeast of Cebu in Central Philippines and is approximately one hour and fifty minutes from Manila. Apart from its world-famous Chocolate Hills as its attraction, Bohol's beauty lies in its unpolluted waters which are rated among the best diving havens in the world and being the home of the world's rarest shells such as the "Gloria maris" and the Golden Cowrie.

Bohol is also the home of the tarsier, the big-eyed insect-eating monkey that is smaller than a boy's fist. Scientists regard the tarsier as the oldest mammal now inhabiting the earth.

With its rolling hills and plateaus, crystal springs and beaches, Bohol is a picturesque island-province replete with ancestral homes and centuries old churches. Along its coastline are the numerous isles of Panglao, Pamilacan, Cabilao, jao, Mahanay and Lapinin, which are excellent dive spots. Bohol is the perfect arena for scuba diving, kayaking, trekking and cave exploration. For the less adventurous, it offers leisurely pursuits like cruising, swimming, snorkeling or, simply, collecting seashells by the seashore.
